8000XL

10000g Bench Scale
Battery Power

8000XL Features...

- Battery Lasts 60 Hours before Recharging
- Washdown Safe "Guardian" Case & Touchpanel
- Bright LED Displays Weight in lb/kg/g/oz/lb&oz
- 1000% Overload "Quad Spring" Base
- Indicator and Base Available Separately

Engineered for a lifetime
of weighing performance

Model 8000XL Battery Power Bench Scale

The Portable Stainless Steel Washdown Scale

Doran has manufactured Stainless Steel Washdown Scales in the U.S. since 1976, and now introduces the most durable battery powered scale in the industry - the 8000XL. Designed with over two decades of scale know-how, the 8000XL is ideal for use in portion control, food processing and general purpose weighing.

► **Over 60 Hours of Battery Life**

An internal battery and charger provides a simple to maintain scale system that can fully charge the battery in four hours, **even while in use**. The user configurable Auto Shutoff timer can extend battery life to weeks.

► **1000% Overload DXL Base**

1000% overload - that's **twice** as much as our closest competition. Protected to a maximum of 10 times the base load rating sets the new industry standard - a feature only available from Doran.

► **Washdown Safe**

The easy to clean stainless steel 8000XL provides NEMA 4X washdown protection through superior gasketing and a thick stainless steel enclosure to seal the electronics from harsh environments. The sealed, super tough "Guardian" touchpanel resists puncture damage.

► **Ease of Operation**

The 8000XL features an easy to read, bright LED display. Simple controls - Zero, Units, and Print - make it easy to use, quick to train and prevents operator error.

Meter Only - Model 8000XLM

The 8000XLM is a stand-alone indicator for use with your current base or floor scale, or any Doran base. With 10,000d NTEP performance, the 8000XLM will soon become your preferred scale indicator

Model 8000XL with a 10" x 10" base and optional 14" high Atlas column.

SPECIFICATIONS

Display:	6 digit red LED, 0.56" high
Controls:	ZERO, Units, and Print
Output:	Bi-directional RS-232 standard
Power:	Internal Battery & Charger 115/230VAC 50/60 Hz
Units:	lb, kg, g, oz, lb & oz
Construction:	304 Stainless Steel (Meter:16 Gauge) (Base:7 Gauge Maximum)
Dimensions:	(Meter) 6" h x 10" w x 3" d (Base) 10" x 10" x 2"h; 12" x 12" x 3"h; 15" x 15" x 3"h
NTEP:	(Meter) CC#99-129 10,000d, Class III (Base) CC#97-097 5000d, Class III
Warranty:	Two Years Parts & Labor
Options:	230VAC Operation 14", 22", or 30" Atlas Column Stainless Steel Load Cell 4-20 mA Analog Output

MODEL SELECTION CHART

Model No.	Base Size	Capacity	
		lb	kg
8005XL	10" x 10"	5 x 0.001	2.3 x 0.5g
8010XL		10 x 0.002	4.5 x 1g
8025XL		25 x 0.005	11.3 x 2g
8050XL	12" x 12"	50 x 0.01	22.7 x 5g
8050XL/12S		50 x 0.01	22.7 x 5g
8100XL/12S		100 x 0.02	45 x 10g
8050XL/15S	15" x 15"	50 x 0.01	22.7 x 5g
8100XL/15S		100 x 0.02	45 x 10g
8200XL/15S		200 x 0.05	91 x 20g

(10,000d resolution user selectable)
