## BAGGAGE SCALE KIT

### Advanced Airline Baggage Scale

The *Totalcomp* Baggage scale kit features a stainless steel platter with carbon steel substructure. The unit provides protection when used in areas where foreign particles and/or corrosive substances are present. The rugged structural tube construction allows for superior strength and performance with integral overload protection. Electronic control unit has high impact plastic enclosure and contains the power supply, A/D and microprocessor. The complete kit includes all cables and switches.
